SUMMARY

Passionate Junior Software Developer with experience in developing user-friendly web applications. Proficient in ReactJS and AWS technologies, eager to contribute expertise in front-end development to deliver high-quality code and achieve project success. Committed to continuous learning and collaborating across teams to create exceptional user experiences.

EXPERIENCE

Junior Software Developer
Persuasive Technology, Pune   January 2023 - Present

· Developed an eCommerce project's admin dashboard using React JS, delivering comprehensive data insights and enhancing the client's decision-making process.
· Utilized data visualization techniques to present complex information in a clear and intuitive manner, empowering the client to discern well-informed decisions and identify growth opportunities.
· Streamlined data exchange and enhanced platform efficiency by seamlessly integrating REST APIs.
· Diagnosed and resolved performance bottlenecks, significantly improving the application's speed and responsiveness, resulting in a smoother user experience and increased customer satisfaction.
· Assisted in troubleshooting and resolving issues related to the application's performance, security, and user experience.
· Participated in code reviews, ensuring adherence to best practices, code standards, and optimal performance.

Frontend Developer Intern
AI4M Technology Private Limited   October 2022 - January 2023

· Architected and developed multiple dashboards using ReactJS and the Bootstrap framework.
· Implemented the AWS REST API Gateway and AWS Serverless Lambda functions, utilizing AWS DynamoDB as a robust database.
· Utilized AWS Amplify to seamlessly host an application on the AWS cloud.
· Successfully managed and delivered multiple projects concurrently, meeting all client deadlines.
· Proactively acquired and applied software engineering process improvements and best practices.

PROJECTS

Centralized Platform For Book Swap Android Application (2020 - 2021)
BE Final Year Project · August 2020 - May 2021

· Developed user-friendly Android applications with intuitive interfaces and smooth navigation.
· Implemented real-time features such as chat, notifications, and location-based services for enhanced user experiences.
· Created secure user authentication and authorization systems to safeguard user data and privacy.

EDUCATION

Bachelor Of Engineering In Electronics And Telecommunication
Pune Institute of Computer Technology · Pune · 2021 · 7.79

Diploma In Electronics And Telecommunication Engineering
Government Polytechnic · Pune · 2018 · 61.6

CERTIFICATIONS

Diploma in Java
Firstbit Solutions · 2022

SKILLS

Front End : HTML, CSS, Bootstrap, JavaScript, React JS, Redux
Back End : Node, Express js, Mysql, Java, Spring Boot
Colud : Aws lambda, Aws Rest API, DynamoDB, Amplify
Other : Git, Github
